Subject: Chiltern Tunnel Safety - an FOI request RE: FOI18-2188 - Response

Dear High Speed Two (HS2) Limited,

We regard your reasons for refusing this FOI request as bizarre, but will be making a separate complaint regarding this. Meanwhile, we request a copy of those portions of the report referred to below which relate to the procedures for the evacuation of a stationary train within the Chiltern Tunnels, and for providing a 'rescue' train on the unaffected line – redacted if necessary. (However, we remind you that the tunnel route and ventilation shaft locations are public knowledge, as these are described in the Environmental Statements, and the Tunnel design is described in HS2 Information paper D7, 23rd Feb 2017.)

Please treat this as a request made under the Freedom of Information Act.

Regards,
Dr James Conboy
(for the Chiltern Society HS2 group)
